User story:

1. As a user, I want a sleep alarm so that I won't miss the class.
2. As a user, I want to see the building blocks when I open the app, so that I can know exactly how each alarm works.
3. As a user, I want to be able to click on the feature blocks, so that I can set the features.
4. As a user, I want the features to be — time, choice of songs, things to do to turn off the alarm so that I can't snooze.
5. As wa user, I want to be able to select one of the alarms for each day, so that it can wake me up on different times as I wish.
6. As a user, I want it to have a good user interface, so that it is easy and clear to use.
